

**Call for Nomination No. IO/20/CFT/19939/ADC for  
Magnet High Voltage Cubicles and Signal Conditioners**

Date: December 30, 2020

**ADDENDUM & EXTENSION OF DUE DATE**

It is hereby notified to the Interested parties/companies that the following clarifications regarding the experience and key competencies mentioned under section 6 of the Technical Specifications ref. 42J44Q v1.2 dated 23 October 2020, the document has been revised.

Please find enclosed Technical Specifications ref. 42J44Q v1.3 dated 15 December 2020.

Following statements from Technical Specification ref. 42J44Q v1.2 dated 23 October 2020:

- ü “Solid experience in Superconducting Tokamak Magnet,
- ü Solid experience in Quench Detection System.”

Have been replaced in Technical Specification ref. 42J44Q v1.3 dated 15 December 2020 by:

- ü “Experience in electronics design and manufacture exposed to Magnetic field,
- ü Experience in investment protection systems based on voltage measurements and inductive voltage compensation.”

In addition, the Call for Nomination (CFN) deadline against subject CFN has been extended upto **11<sup>th</sup> January, 2021 by 13.00 hours IST.**
